MOSAIC

" ENJOY THE CITY VIEW "

MOSAIC features high-definition, random shapes, that add visual texture across the surface.
An interpretation of natural elements fused with modern materials, MOSAIC colours provide a new aesthetic in malleable surfacing.

Dawn The city awakes and greets the dawn...
The changing hue of the early morning sky is reflected in the clouds forming above us; a feeling of calm and harmony at the start of a new day.

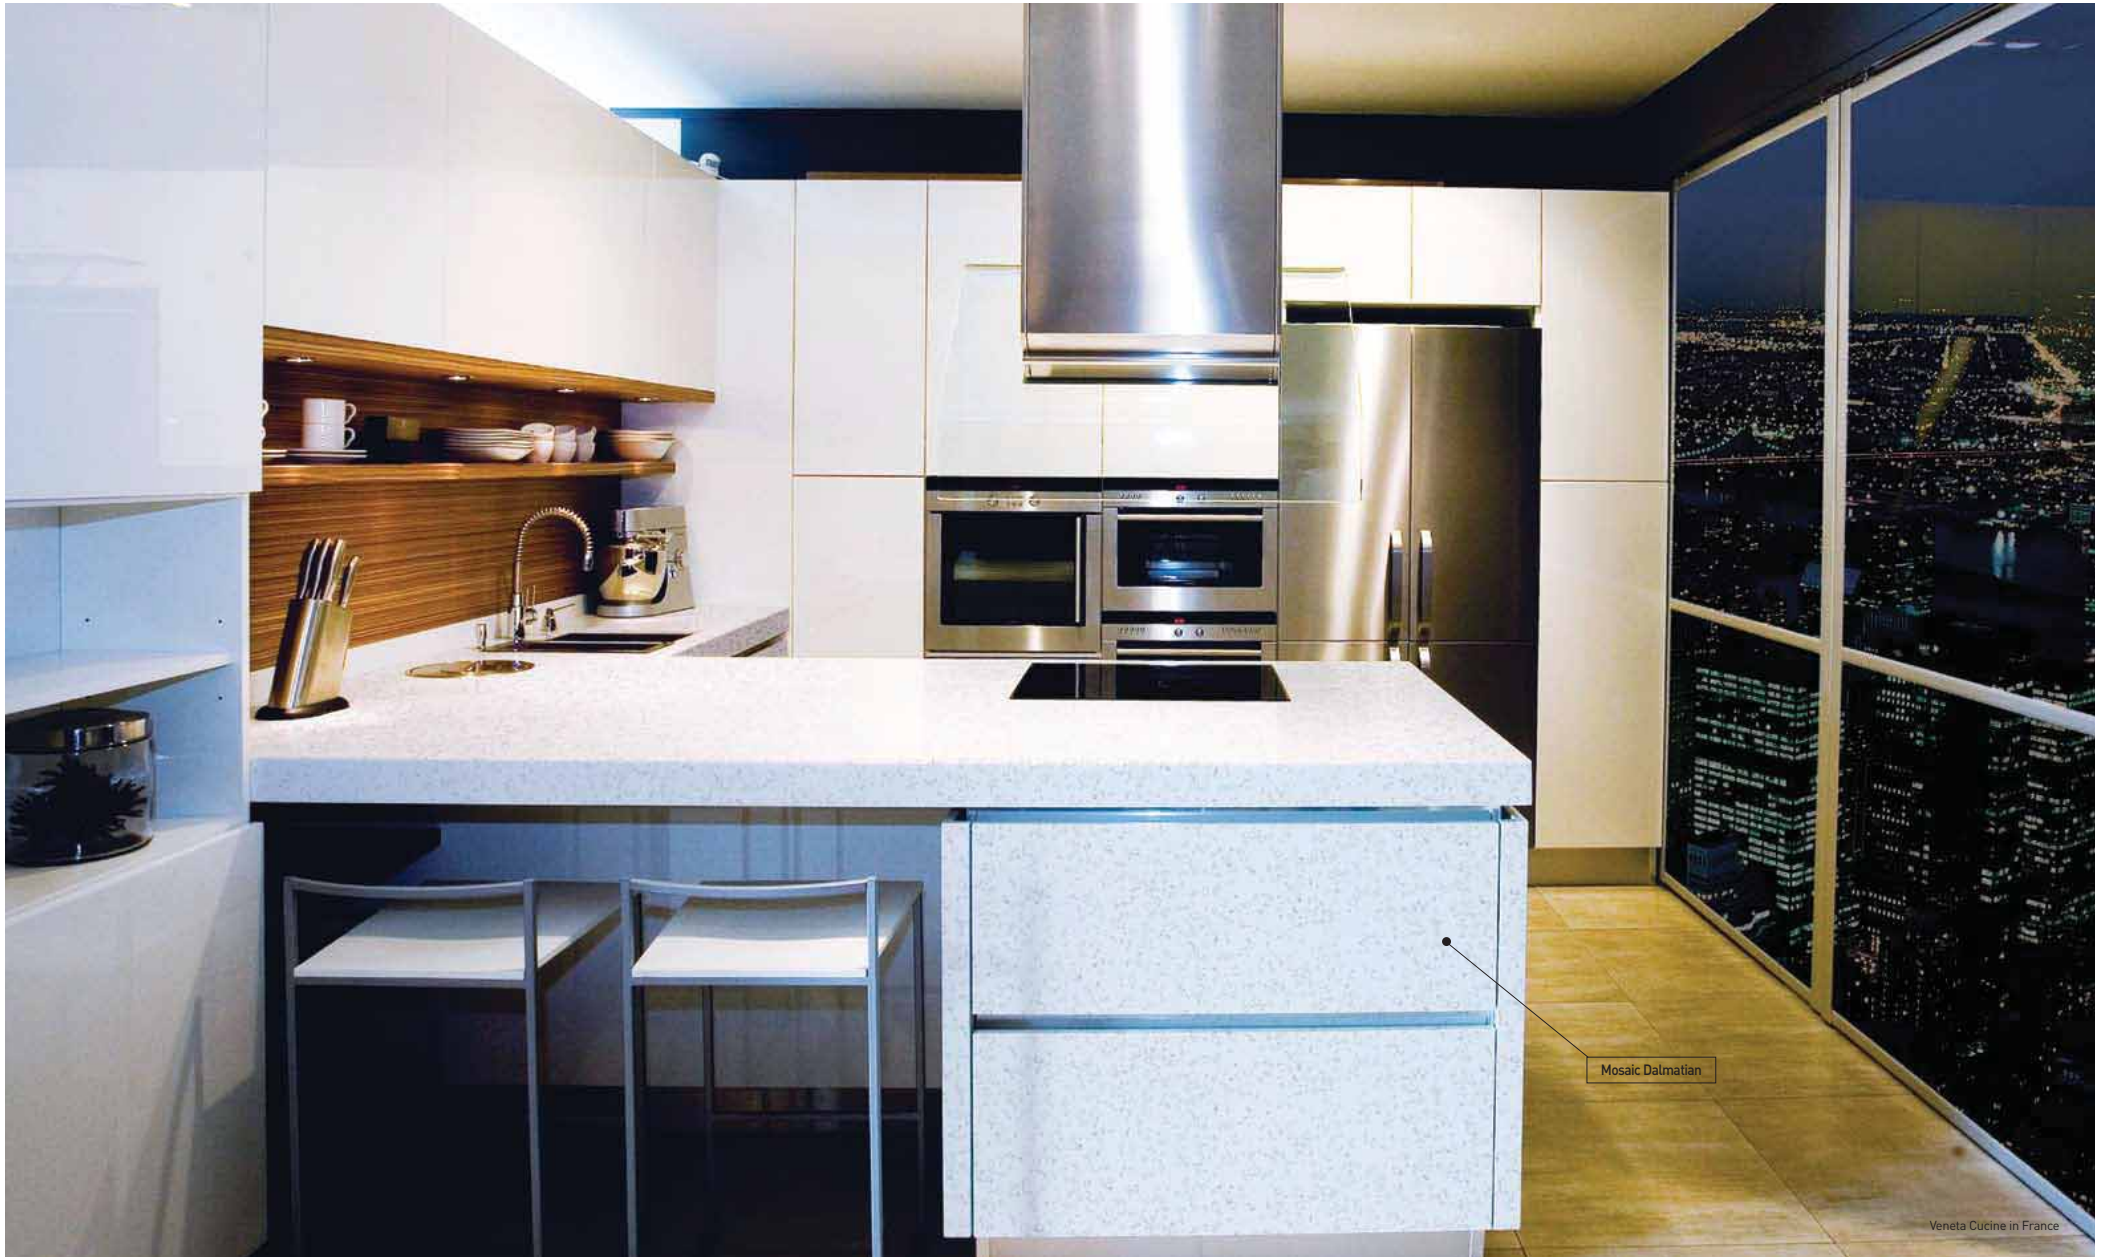

Mosaic Nimbus
QN287

Afternoon Bright and alive; feel the afternoon hustle and bustle as the warmth of the sun shines down upon the city.
Energetic and hopeful; moving at the speed of life.

Mosaic Dalmatian
QD212

Night Walking through the city as lights contrast and reflect against the night sky... Shadow and illumination interact as vibrantly as life in the city after dark
